

Economy I Series Wall Padding

Wall Padding

Description

Economy Series I Wall Padding is engineered using a 2-inch thick polyurethane compound foam filler connected to an OSB backer board and covered with Anti-Microbial 16 oz flame retardant vinyl laminated polyester for added protection. The Economy I Wall Pad uses less dense foam filler than the Economy II for reduced firmness. Place side by side for continuous gymnasium wall coverage. Available in 1" Nail Margin and Z Clip installation options.

Features

Medium/soft wall padding
Class A Flame retardant vinyl
Customized logos
Tear resistant vinyl covering

Application Settings

Use in gymnasiums, studios, daycare centers, athletic arenas, or anywhere a padded wall panel is required

Traffic

Medium-Heavy Duty

Maintenance

Clean on a regular basis. Use Simple Green for more thorough cleaning.

Warranty

1 year against manufacturer's defects

Specifications
